/ 5:08:38.029 PM // 5:09:05.136 PM /			
Landing page of the customer application			
@Landing_page @starting_page_elements			

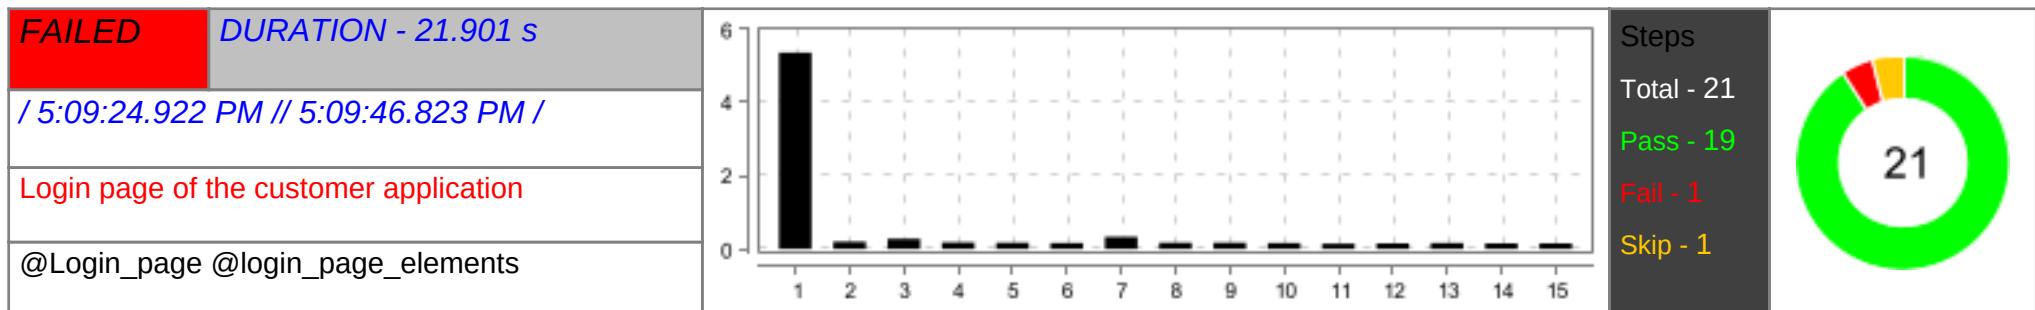

#	Step / Hook Details	Status	Duration
1	Then - Then Verify that user should displayed the splash screen in the starting of the application <code>verify_that_user_should_displayed_the_splash_screen_in_the_starting_of_the_application</code>	PASSED	0.236 s
2	Then - Then Verify that user should be clickable in the enter as guest link in the landing of the application <code>verify_that_user_should_be_clickable_in_the_enter_as_guest_link_in_the_landing_of_the_application</code>	PASSED	4.634 s
3	Then - Then Verify that user should displayed the enter as guest link in the landing page of the application <code>verify_that_user_should_displayed_the_enter_as_guest_link_in_the_landing_page_of_the_application</code>	PASSED	0.548 s
4	Then - Then Verify that user should displayed the moving text in the landing page of the application <code>verify_that_user_should_displayed_the_moving_text_in_the_landing_page_of_the_application</code>	PASSED	0.488 s
5	Then - Then Verify that user should displayed the dots below the moving text in the landing page of the application <code>verify_that_user_should_displayed_the_dots_below_the_moving_text_in_the_landing_page_of_the_application</code>	PASSED	0.135 s
6	Then - Then Verify that user should displayed the service men image in the landing page of the application <code>verify_that_user_should_displayed_the_service_men_image_in_the_landing_page_of_the_application</code>	PASSED	1.554 s
7	Then - Then Verify that user should be displayed the sign up button in the landing page of the application <code>verify_that_user_should_be_displayed_the_sign_up_button_in_the_landing_page_of_the_application</code>	PASSED	0.511 s

#	Step / Hook Details	Status	Duration
8	Then - Then Verify that user should be clickable the sign up button in the landing page of the application <code>verify_that_user_should_be_clickable_the_sign_up_button_in_the_landing_page_of_the_application</code>	PASSED	0.479 s
9	Then - Then Verify that user should be displayed the login button in the landing page of the application <code>verify_that_user_should_be_displayed_the_login_button_in_the_landing_page_of_the_application</code>	PASSED	1.403 s
10	Then - Then Verify that user should be clickable the login button in the landing page of the application <code>verify_that_user_should_be_clickable_the_login_button_in_the_landing_page_of_the_application</code>	PASSED	0.425 s

**(S)- Validate enter as guest link**

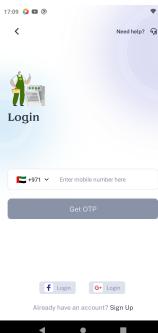

#	Step / Hook Details	Status	Duration
1	When - When user click on the enter as guest in the landing page <code>user_click_on_the_enter_as_guest_in_the_landing_page</code>	PASSED	4.953 s
2	Then - Then Verify that user should get the respected pop as coming soon in the landing page <code>verify_that_user_should_get_the_respected_pop_as_coming_soon_in_the_landing_page</code>	PASSED	1.231 s

**(F)- Login page of the customer application**

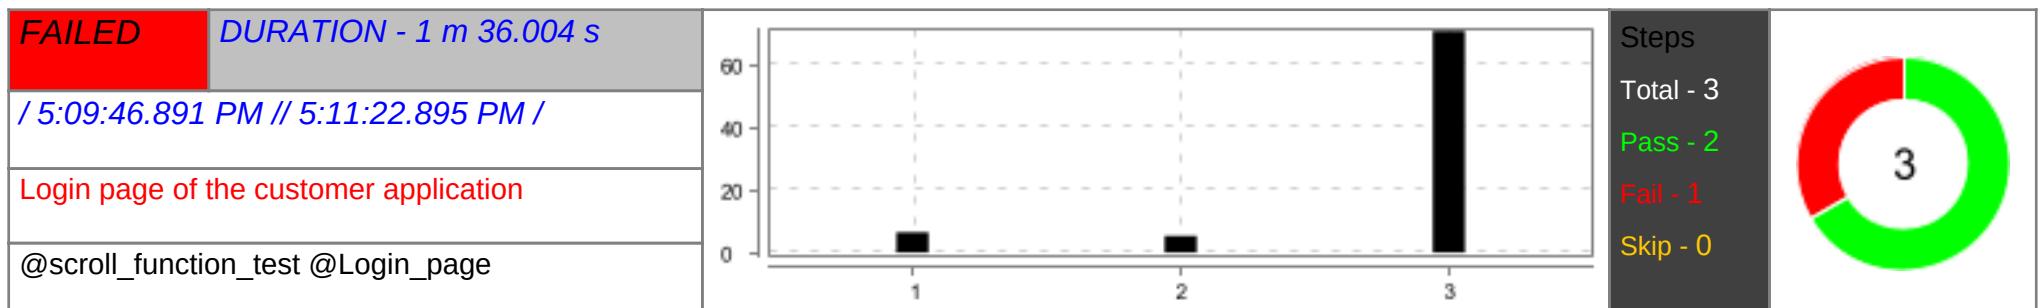

**(S)- Validate log in page elements**

#	Step / Hook Details	Status	Duration
1	Given - Given Verify that user is on the log in page from the landing page <code>verify_that_user_is_on_the_log_in_page_from_the_landing_page</code>	PASSED	5.355 s
2	Then - Then Verify that back button should be displayed in the log in page <code>verify_that_back_button_should_be_displayed_in_the_log_in_page</code>	PASSED	0.193 s
3	Then - Then Verify that back button should be clickable in the log in page <code>verify_that_back_button_should_be_clickable_in_the_log_in_page</code>	PASSED	0.273 s
4	Then - Then Verify that need help link text should be displayed in the log in page <code>verify_that_need_help_link_text_should_be_displayed_in_the_log_in_page</code>	PASSED	0.178 s
5	Then - Then Verify that need help link should be clickable in the log in page <code>verify_that_need_help_link_should_be_clickable_in_the_log_in_page</code>	PASSED	0.168 s
6	Then - Then Verify that service man image should be displayed in the log in page <code>verify_that_service_man_image_should_be_displayed_in_the_log_in_page</code>	PASSED	0.163 s
7	Then - Then Verify that log in text should be displayed in the log in page <code>verify_that_log_in_text_should_be_displayed_in_the_log_in_page</code>	PASSED	0.328 s
8	Then - Then Verify that country code dropdown should be displayed in the log in page <code>verify_that_country_code_dropdown_should_be_displayed_in_the_log_in_page</code>	PASSED	0.170 s
9	Then - Then Verify that country code dropdown should be clickable in the log in page <code>verify_that_country_code_dropdown_should_be_clickable_in_the_log_in_page</code>	PASSED	0.173 s
10	Then - Then Verify that mobile number user field should be displayed in the log in page <code>verify_that_mobile_number_user_field_should_be_displayed_in_the_log_in_page</code>	PASSED	0.158 s
11	Then - Then Verify that mobile number user field should be clickable in the log in page <code>verify_that_mobile_number_user_field_should_be_clickable_in_the_log_in_page</code>	PASSED	0.143 s
12	Then - Then Verify that mobile number user field placeholder text should be "Enter mobile number here" displayed in the log in	PASSED	0.149 s
